Continuous Quality Improvements...

Hi All,

St Joseph's House is still awaiting word from the Government as to when we can expect the Covid-19 vaccination. Thank you for your participation in completing the consent forms., further information on this process will be provided as soon as we are advised.

A reminder to families and visitors to ensure that evidence of their 2021 flu vaccination is provided to reception before 1st June.2021.

After this date visitors will not be able to enter the facility unless they have provided this evidence

A significant quality improvement is the Government's new initiative called the Serious Incident Response Scheme (SIRS), which has been created to help reduce the risk of abuse and neglect for people in residential care homes. To strengthen St Joseph's House's commitment to safe and quality care staff have recently undergone training in the new SIRS reporting system. There have also been improvements in internal reporting processes around serious incidents to align with the Government's new scheme.

Stay safe everyone,

Amanda White
